Dimensions

Height = 109 cm (42.9")

Width = 104 cm (40.9")

Depth = 64 cm (25.2")

Description

This antique Victorian mahogany cylinder top desk has nice small proportions & is in very good original condition with lots of character & a lovely warm colour. It's finished & polished on the back also, so can be free standing & the top section just lifts off the pedestals for easy transportation. The wooden & the brass handles are all original. Inside the cylinder top are two long compartments & a row of pigeon holes. The writing surface pulls out to create plenty of work space & there are two leather surfaces, which look original to me. There are four drawers on the right hand pedestal, which are all graduated in depth & there is one drawer in the middle. The left hand pedestal has four dummy drawers on a cupboard door & there is one shelf inside. There are grooves running down on either side of the cylinder & I believe there are casters under the plinth bases. Please enlarge all the images to see the lovely figuring in the mahogany & also check the sizes, because this isn't one of those heavy oversize models. I would date this desk to around the 1860-80's period. Width - 41 inches, 104 cm Depth - 25 inches, 64 cm Height - 43 inches, 109 cm Knee height - 24 inch...

Internal Ref: 1629
