Description

These antique mahogany William IV chairs have to be the nicest design & best quality set I've seen. They date from the 1830's period & are in excellent original condition. Please enlarge all the images, especially the close ups of the backs, to see all the detailed features. I particularly like the deeply carved top back section, with the capitals above the uprights & the concave seat fronts. The middle back rails are also beautifully carved & the turned legs are fluted too. These chairs have just had the drop in seats recovered in our regular natural cotton fabric. The chairs are structurally sound & of the highest quality. Width – 18 inches, 46 cm Depth – 21 inches, 54 cm Height – 35 inches, 88 cm Seat height – 19 inches, 48 cm
