Description

Antique 1903 Waltham full hunter pocket watch. The watch has a stem-winding movement Traveler grade, which is working well. The movement is signed American Waltham, U.S.A. Traveler and the serial number 12385770 which dates it back to 1903. The movement is protected by an inner hinged cover. The watch itself measures 50.3mm diameter excluding the winding stem and the loop. The case is gold plated and is stamped Regent. The case has light surface marking from use and the odd small "ding" the back cover but overall it is in nice condition for a 1900s piece. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in nice condition. The signed dial is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
