Description

Antique Syren full hunter pocket watch. The watch has a nicely jewelled stem-winding movement with snail cam regulator, signed Syren, which is working nicely. Syren was a brand name used by an importer of watches manufactured by Record and Revue (as the one we have here). The movement is protected by an inner hinged cover. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Illinois Watch Case Company. The case has light surface marking from use but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in nice condition. The white enamel dial has a faint hairline crack between 1 & 2 o'clock but otherwise it is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
