Description

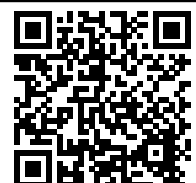

Antique Victorian mahogany occasional table with a circular top & a revolving galleried section in the middle. It's in very good original condition & I would date it to around the 1880's period. Please enlarge all the images to see up close all the features. There are various ebonised sections & if you enlarge you will see them all. I think the spinning section is designed for books. It has a central turned baluster pedestal which ends with the original finial below the tripod legs. The spinning three prong section has a very decorative gallery. Width – 22 inches, 56 cm Depth – 22 inches, 56 cm Height – 27 inches, 69 cm
