Description

Antique silver Zenith pocket watch, 1910. The watch has a good quality stem-winding movement which is working nicely. The movement is signed with the Zenith name, 15 jewels and the serial number of 1108176 dates it back to 1910. The movement is protected by an inner hinged cover. The watch itself measures 51.8mm diameter excluding the winding stem and the loop. The case is .800 grade silver and is stamped Zenith. The inner cover is signed Zenith with various medals won. The case is in nice condition with only light surface marking from use and a small "ding" to the outer edge. The acrylic lens is in nice condition. The white enamel dial is signed Zenith. The dial has several very faint hairline cracks although hardly noticeable to the naked eye but otherwise it is in nice condition. The watch has blued steel Breguet style hands. The watch will be sent in a new presentation box.
