Description

A fabulous small pair of Victorian two light candelabra made by the top notch silversmith, Elkington and Co. The two arms can be removed if desired, two drip trays removed and placed in the bases to create a lovely small pair of candlesticks. The candlesticks would measure 4 3/8" square x 7 3/4" tall. The candelabra would have the same footprint measuring 4 3/8" square and the arms spanning 9 1/4" and stand 12" tall. Both the base and arms are signed and being Elkington, we are able to date them exactly (letter G) for the year 1892. Excellent condition having been through our silversmith's workshop, professionally cleaned and polished, restoring them to their former glory.
