Description

Gents 1960s Rotary wrist watch. The watch has a Swiss 21-jewel hand-winding movement which is working nicely. The movement is signed with the Rotary wings logo. The watch measures 35mm wide excluding the winding crown and 35mm high excluding the lugs. The case is gold plated, there is some rubbing to the plate but you have to look closely to see it. Stainless steel case back. The lens is in lovely condition. The signed dial is in its original finish with original hands, seconds sweep and date display (an early form of quickset where the hands are moved repeatedly backwards and forwards between 12 midnight and 8.30pm until the desired time is reached). A new leather strap has been fitted. The watch comes in its Rotary presentation box.
