Description

Large and Stunning Antique French Gilt Brass Clock Set. ~ French - Circa 1880 ~ ~~ Excellent condition ~~ A very large and stunning original antique French, Louis XVI style clock set. It is beautifully modelled in gilded brass, very decorative architectural style covered in elaborate scroll and foliate decoration. A delicate fretwork panel to the front of the clock allows the pendulum to be seen swinging within the case. The bold arched top above the dial is also fretted and to the top is an urn. The six light candelabra are similarly modelled and have arms modelled as scrolling foliage. Snuffers fit in the middle sconces as finials when not in use. The dial is also gilded brass and is mounted with 12 individual enamel cartouches for the hours. These are blue enamel on a white background. There is also a vacant cartouche for the retailers signature. The French movement is of high quality and has the clockmakers mark L.S. Boname, Selencourt on the movement backplate. It is in excellent clean and running condition having been fully serviced by our clockmaker. Pendulum is a replacement. It runs for 8 days and strikes the hours and halves on a bell.
