

SA748264

Antique trench watch by Adolf Michel

Price

Sold**Item Reference: SA748264****Date of manufacture: 1910**

Description

Antique trench watch by Adolf Michel. The watch has a hand-winding movement which is working well. The movement has been identified as by Adolf Michel SA of Grenchen, Switzerland. The watch measures 32.5mm diameter excluding the winding crown and the fixed wire lugs. The case was originally plated but most of the plate has worn off the bezel and it is now back to the brass. There is the odd mark to the case but overall the condition is good. The watch glass is in good condition. The white enamel dial has a chip to the edge which is mostly covered by the bezel and a short scratch just above the subsidiary seconds dial. A new leather strap has been fitted. The watch comes in a new presentation box.
