Description

A stunning original vintage brass lamp, believed to be by W.A.S Benson. This dates from around 1890-1900, it is in superb vintage condition. These were designed to be wall mounted, it has the original screw hole in one foot, the other two feet appear to have had screw holes added later. This has what looks like the original milky glass shade, which is also in lovely condition with no damage. This has been re-wired and is in good working order. There is no makers mark that we can see, but we believe this is a well known Benson design. Width – 8 inches , 21 cm Depth – 8 inches , 21 cm Height – 17 inches , 43 cm
