Description

Made from Cuban mahogany and retaining the original loose leaf, the table is an untouched colour. The middle leaf is slightly darker in tone but when lightly polished and waxed will be the same tone as the ends. If required this can be done in our workshops. The tops are flat and the casters original to the table. The table is unusually narrow at 42 inches wide and will seat eight in comfort. Finding original pillar tables of this period, especially those that retain the original loose leaf is increasing difficult and this is a very nice example. The price given is as seen. A quote to polish the table can be supplied upon request.
