Sold

Item Reference: SA748977

Date of manufacture: 1920

Description

Antique Pluto full hunter pocket watch. The watch has a Swiss stem-winding movement, signed Pluto, which is working nicely. The movement is protected by an inner hinged cover which has some scratching where it has been opened in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold filled and it is decorated on both the front and back with engine turned detailing. There is a slight bruise to the edge of the back but otherwise the case is in lovely condition. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in lovely condition. The dial is in good condition, just a slight mark at number 12 but nothing too serious. The watch comes in a new presentation box.
