Description

This French giltwood console table is a little gem, the shaped marble top sits above a beaded apron with a carved crest of scrolls and oak leaves. The table is supported by turned and fluted tapering legs and the curved stretch is centered by a flaming lamp. The condition of this antique table is good, the carving and gilding superb. There is slight staining to the marble top, this is very light and does not detract from the appeal, this is clearly shown in the photographs. This petite French table is very decorative and extremely pretty and would be a super addition to any interior. c. 1860 Width: 24.5" 62 cm Depth: 15.25" 39 cm Height: 32 " 81.5 cm
