Description

A Victorian button back occasional chair of small proportions, with shaped tub back and serpentine seat, raised on ring turned front supports with brass and procelain castors. Upholstered in a mouse colour fabric with turquoise trim, matching buttons and ruffle skirt. In excellent condition, the fabric is very clean, one feint mark on the seat. I can arrange re-covering if required or it would probably be possible to remove the gathered skirt and replace with a gimp edge trim which would expose the legs. Seat height 32cm
