Description

Antique French gilt metal clock with Sevres porcelain all in good condition & dating to around the 1880's period. The porcelain is beautifully hand painted & the gilt metal case is well cast with many fine details. The makers name, Brunfaut is stamped on the back. We have wound the clock up & it does work & seems to keep good time. However - We are not clock specialists, so can't guarantee how long it will work for & can't be responsible for anything going wrong with it. This clock came out of a private residence along with the gilt wood base, which really sets it off. It's a great looking clock. Width - 11 inches, 28 cm Depth - 6 inches, 15 cm Height - 15 inches, 39 cm
