Description

An absolutely beautiful three stone diamond ring set in 18kt yellow gold and platinum and dating from the early 1940s. Stamped inside the shank 18kt and PT and T4368. Centrally set with one old European cut natural diamond of 0.64 carats and near colourless (Graded H) and flanked by two old European cut natural diamonds each of 0.24 carats giving the total of 1.12 carats of natural near colourless diamonds. Accompanied by a recent laboratory report from the independent WGI (World Gemological Institute) of 100 Hatton Garden, London which confirms details of the gold shank and of the diamonds and gives a value of £4,000. A truly dazzling ring full of sparkle, comfortable to wear and extremely eye catching. Size M.5 to M.75 (M and a half to M and three quarters) and with a total weight of 3.59 grams.
