Price

Sold

Item Reference: SA750715

Date of manufacture: 19th Century

Dimensions

Height = 5 cm (2.0")

Width = 5 cm (2.0")

Description

Really good example of a piece of sentimental jewellery. Made out of tortoiseshell and decorated with gold to the front, symbols represent faith, hope & charity. The delicate wire work is in very good condition, the pearls also add interest to the decoration, I believe that pearls represent love and are a symbol of beauty. It has a gold safety chain which has been added later. Box is for photography purposes and not included.
