

SA751317

Antique Waltham full hunter pocket watch and double albert

Price

Sold**Item Reference: SA751317****Date of manufacture: 1900**

Description

Antique Waltham full hunter pocket watch and double albert. The watch has a seven jewel stem-winding movement which is working nicely. The movement is fully signed and the serial number 12,629,955 dates it back to 1903. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and it is in lovely condition. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in lovely condition. The dial has some light marking but not too detrimental at all. The watch comes with a double albert with each chain measuring 26cm long including the T-bar and the clasp. There is some wear and marking to the plate on the T-bar. The watch and chain will come in a new presentation box.
