Marius Hammer silver enamel butterfly brooch

Price

Sold**Item Reference: SA752710****Date of manufacture: 1950**

Description

This is a large silver enamel butterfly brooch by Norwegian silversmith Marius Hammer. 930s silver. It is a lovely blue enamel with super veining in the enamel. It is stunning and in great condition. There is a tiny blemish on a section of the body, but it is minimal. I have not cleaned up the back of the brooch as it is silver gilt. Wingspan 8 cm
