Description

A very quaint and beautifully decorated longcase clock dating from around 1850. Of small proportions, this clock stands only 76" tall and would be ideal for a cottage or smaller home. The square, painted dial is very clean and unusually has arabic numerals. The 8 day, twin train movement strikes on a bell on the hour. The case is oak and mahogany and has a lovely french polished finish with a good colour and rich patina. The clock has been fully overhauled and serviced by a registered member of the BHI.
