Description

Gents 1960s Avia 10006 wrist watch. The watch has a 17-jewel hand-winding movement which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is gold plated and overall is in good condition with just a little wear behind the winding crown. The stainless steel case back has some surface marking. The lens is in lovely condition. The signed dial is in its original finish with original minute hand, replacement hour hand and a subsidiary seconds dial. There is a little marking to the dial but not too detrimental. The watch has a later leather strap and it all comes in a vintage Avia presentation box which has some marking.
