Description

Antique 1920s Swiss pocket watch. The watch has a good quality 7 jewel Swiss hand-winding movement, which is working well. The movement is stamped 7 jewels, Swiss made. The watch measures 50.7mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company, an English company who made cases for various watch makers. The case has minor surface marking from use and a small "ding" to the back but overall it is in nice condition for a 1920s piece. The acrylic lens is in nice condition with only minor marking from use. The white enamel dial is in nice condition. The watch has its original blued steel hands. The watch comes in a new presentation box.
