Item Reference: SA754603

Date of manufacture: 19th Century

Dimensions

Height = 74 cm (29.1")

Width = 38 cm (15.0")

Depth = 37 cm (14.6")

Description

This stylish mahogany occasional table dates to (Circa 1840), however it would not be out of place in a 21st Century cabinet makers design book. It is rare to find such an understated example during this period, as one would expect to see the typical detailing and flourish normally associated with the reigns of William IV & the young Queen Victoria. This table's avant garde design, its functionality and the appealing mellow and subtle tones of its surface (a sign that it has not been unsympathetically restored during its life) make it an ideal choice if you are looking for an antique table to enhance a contemporary or period room setting.
