Description

A superb 19th Century pine high back curved Settle. It has a paneled back with traditional wing shaped sides and arms and attractive cut-out detail between the feet. It has a thick curving seat with three storage drawers below. It is in very good condition for its age and the pine has a wonderful warm patina. There are signs of age and wear, small knocks and marks but nothing detrimental. There are some old splits in the back panels but nothing untoward. There are signs of old worm which has all been treated as a precaution and hasn't affected the piece structurally or aesthetically. There have been some old repairs and parts of the drawers have been replaced but they all open smoothly and are clean and tidy inside. The whole piece has been cleaned and given a gentle wax and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions please ask.
