Description

1920s Anglo Swiss Watch Co Railway Lever pocket watch. The watch has a good quality 15 jewel gilt stem-winding movement which is working nicely. The movement is stamped 15 jewels, 3 adjustments, Swiss made. The watch measures 48mm diameter excluding the winding stem and the loop. The case is nickel and it is in nice condition, general light surface marks and a few short scratches to the back. The acrylic lens is in nice condition. The dial is signed Anglo Swiss Watch Co. Railway Lever and has good clear bold numerals, blued steel hands and an outer minute track. The dial has a very faint hairline crack to the centre only visible through a jeweller loupe but otherwise it is in nice condition. The watch comes in a new presentation box.
