

SA75536

Spring Driven Wallclock

Price

Sold**Item Reference: SA75536****Date of manufacture: 1900**

Description

A most attractive wallclock of small proportions. This is an 8 day movement, striking on the half-hour and the hour, by SCHULTZ, a top class German maker. A nice clean enamelled dial free of any chips, cracks or crazing. It has a gridiron pendulum. The walnut case is very nicely polished with a good deep patina. The clock has recently been fully overhauled and serviced by a fully registered member of the BHI.
