

SA756902

Small antique gun metal pocket watch

Price

Sold**Item Reference: SA756902****Date of manufacture: 1900**

Description

Small antique gun metal pocket watch. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which has some scratching and marking. The watch measures 42mm diameter excluding the winding stem and the loop. The case is gun metal with gold embellishments. The case is in lovely condition, just light marking but nothing too serious at all. The watch glass is in lovely condition. The dial has a very faint hairline to the bottom half but it is quite difficult to see with the naked eye. Pin-set hands, subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
