Antique Omega pocket watch,
c1914

Price

Sold

Item Reference: SA757001

Date of manufacture: 1910

Description

Antique Omega pocket watch, c1914. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name and the serial number 4,370,189 dates it back to around 1914. The movement is protected by an inner hinged cover which has a small indentation and some scratching. The watch measures 48mm diameter excluding the winding stem and the loop. The case is nickel and it has elaborate initials to the hinged case back. The front of the case is in lovely condition. The case back has an indentation. The watch glass is in lovely condition. The signed dial has a great look with Breguet style hands, red 24 hour inner markers and an outer minute track. There are a few short hairlines but they are very difficult to see with the naked eye. The watch comes in a new presentation box.
