## Description

Fine quality mid 18th century walnut and oak chest of drawers. The chest of drawers has a wonderful burr walnut grain and colour with two small over three wide drawers. The chest has been sympathetically restored and maintains its wonderful colour and patina. It is constructed of solid oak throughout with fine burr walnut veneer to the drawer fronts and top. The chest was originally constructed in two parts to enable ease of getting up the narrow stairs often constructed of the period. This is a wonderful rare early chest of drawers in great condition and of a good practical size. We can arrange delivery through the UK from £75.
