Description

Should I sell or should I not sell? That was the question!! I can't keep everything otherwise I'd have nothing for sale! I love this complete storage-bag with its stylised chickens all pecking at seeds on the ground and very popular with the Khamseh Confederacy nomads. They must love chickens! In excellent condition, this bag was probably made around 1880 with all vegetable colours and stuffed with a cotton filling at some point in the past. It can be sold with or without the filling. Size: 61cm (2') square

Internal Ref: BM/Chooks
