Date of manufacture: 1920

Dimensions

Height = 25.8 cm (10.2")

Width = 11.8 cm (4.6")

Depth = 11.8 cm (4.6")

Description

A fine pair of sheet silver candlesticks made by Ellis Jacob Greenberg 1915 - 1916. The candlesticks are made in the 18th century manner having stepped bases with octagonal stems and bands beneath the circular candle cups. One of the candlesticks has had some damage to the bands just below the candle cup and some slight bending, commensurate with age. This of course could be restored or left as it is, as the slight bending does not affect how the candlestick holds a candle. Overall these are very stylish candlesticks and are in relatively good condition for their age.
