Description

Sumptuous early 19th century Georgian ladder back arm chair of the most wonderful colour and patination. This is one of the nicest "Country" chairs I have had in stock for ages. The patination is out of this world. The chair is in un-touched original condition and is in sound tight condition. The chair has a rush seat which is in good order with a buttoned cushion. The design and detailing of the chair are both extremely pleasing, I really love the under chamfering to the arms. Basically they don't come a whole lot better than this and it is also a decent size. Very comfy. We also have a set of 6 singles that came from the same house that go well with this arm chair. SIZE; 25" wide by 18" deep by 43" high overall. Seat height is 19". CIRCA; 1800 - 1820
