

SA759949

1940s Cyma military pocket watch

Price

Sold**Item Reference: SA759949****Date of manufacture: 1940**

Description

1940s Cyma military pocket watch. The watch has a Swiss 15-jewel stem-winding movement, signed Cyma, which is working nicely. The watch measures 51mm diameter excluding the winding stem and the loop. The case is chrome plated and overall the condition is good. There are general surface marks and a few short scratches where the back has been removed in the past. The back of the watch has the military markings including the GSTP for General Service Time Piece and the military arrow, or pheon. The acrylic lens is in good condition. The signed dial has had the radium paint professionally removed from the numbers, markers and hands which now leaves a good clean appearance. The dial is in lovely condition. The watch comes in a new presentation box.
