Sold

Item Reference: SA760456

Date of manufacture: Victorian

Dimensions

Height = 30 cm (11.8")

Width = 43 cm (16.9")

Depth = 28 cm (11.0")

Description

A good example of a Victorian copper coal scuttle. It is a traditional helmet shape with a round foot and large carrying handle. It comes with its original shovel with a turned wooden handle. Both pieces are very well made and good quality with riveted details. They are both in good condition and display well. There are no major damages, splits or holes apart from some wear on the end of the shovel. There are signs of age and use, some dents, dinks and surface marks but nothing untoward. The copper has been gently polished to retain its lovely aged patina and is ready for use. Approximate Measurements : Height : 12" (30cm) plus handle Length : 17" (43cm) Width : 11" (28cm) The best description comes from the photos so please look at them all carefully and if you have any questions at all please ask. Tracked UK delivery £20
