Antique gun metal Doxa pocket watch

Price

Sold**Item Reference: SA761771****Date of manufacture: 1920**

Description

Antique gun metal Doxa pocket watch. The watch has a Swiss stem-winding movement, signed Doxa, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gun metal. The front is in good condition. The hinged case back has age related surface marks. The acrylic lens is in good condition. The white enamel dial looks good to the naked eye. If viewed through a jeweller's loupe, there is a short faint hairline by number 10. Blued steel hands, a subsidiary seconds dial and outer minute markers. The watch comes in a new presentation box.
