Antique Vesta Lever half hunter pocket watch

Price

Sold**Item Reference: SA761934****Date of manufacture: 1930**

Description

Antique Vesta Lever half hunter pocket watch. The watch has a Swiss 15-jewel stem-winding movement which is working nicely. The movement is signed Vesta Lever and it is all protected by an inner hinged dust cover which has some short scratches where it has been opened in the past. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and was made by the Dennison Watch Case Company, a Birmingham based case maker who supplied cases for various watch manufacturers. The front cover has a small central lens surrounded by enamel filled Roman numerals. The front of the case is in good condition. The case back has some surface marking and the odd small "ding". The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in lovely condition. The dial is in good condition just a short faint hairline between 7 and 8. The watch comes in a new presentation box.
