Description

This antique French style marble top cabinet has lovely small proportions & is in very good condition, dating from around the 1930's period. It has a serpentine shaped front & many colourful different woods, like Kingwood, Rosewood, Satinwood, Walnut, Mahogany, etc. The middle door is smothered with floral marquetry of many different exotic woods & the central panel is a work of art. The rouge marble top is original, has a very small nick in it on the front, which can filled in & disguised if needed, although it's not that bad. You can see this in one of the close up images. There are many classical gilt bronze mounts all over this cabinet, which are very detailed & have natural ageing. The hand painted porcelain plaques are all there & are surrounded more classical gilt mounts. The porcelain plaques could very well be Limoges, but without taking one out I can't be 100% sure. The inside of this cabinet is also polished & there are two shelves. Overall, this is a very attractive, compact piece of furniture. Width - 40 inches, 102 cm Depth - 15 inches, 39 cm Height - 39 inches, 100 cm
