Description

A lovely antique Georgian oak corner cabinet. We date this cabinet to the late 18th century. The cabinet consists of a single panelled side hinged door. The door is fitted with a lock (no key is supplied, but one could easily be obtained if required). The interior of the cabinet is fitted with three wooden fixed shelves. It is supplied with two rails that can be screwed to the wall to help support the cabinet. The corner cabinet has a height of 42" (106cm), a front width of 32.5" (83cm) and a depth of 23" (59cm) from the rear back corner to the outer edge. This lovely corner cabinet remains in good condition with some surface markings commensurate with age and usage. There is some wear and indentations around some edges, cornice and base. This remains a very stylish corner cabinet which will continue to provide good service for many years to come.
