Fine ALL ORIGINAL early to mid 19th century Scottish mahogany longcase clock by JAMES CAMERON of DUNDEE. Typical Dundee flame mahogany case with ebony line inlay and plain mahogany cross banding. The case has its original bracket feet and has swan neck top to the hood with original brass patera and central eagle and ball finial. The case has reeded columns to the hood with matching reeded quarter columns to the trunk. The clock door has its original lock with working key. The clock has a pleasing painted dial with gilded brass hands and 8 day movement striking on a bell at the hour. The movement has been fully serviced and is in perfect working order.
