Description

Antique Art Deco Omega pocket watch. The watch has a 15-jewel (adjusted in two positions) stem-winding movement, Omega calibre 35.5L, which is working nicely. The movement is fully signed and the serial number 5,813,565 dates it back to the early 1920s. The watch measures 45mm diameter excluding the winding stem and the loop. The case is 14kt gold filled and is the Sovereign model from the Canadian case manufacturer P W Ellis & Co... as well as being a case manufacturer, P W Ellis was a major jeweller in Toronto. It is likely that the Omega movements were exported to Canada in readiness for casing by P W Ellis. The case is beautifully detailed and is in lovely condition with just light surface marks. The watch glass is in lovely condition. The signed dial is in its original finish with blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
