Description

A fantastic antique bookcase in solid satin birch, this was made in Sweden and dates from around the 1860-80 period. It is in the typical Swedish Biedermeier style. This is of amazing quality, very well built and heavy. There are three adjustable shelves in the open upper section, the lower section has one long cabinet with two lockable doors. We have recently had this French polished, it is in great condition for its age, with some minor wear seen under the polish here and there, commensurate for age. Width – 61 inches , 155 cm Depth – 19 inches , 49 cm Height – 66 inches , 168 cm
