Description

Gents 1940s Yeoman wrist watch. The watch has a hand-winding movement which is working nicely. The watch measures 35mm diameter excluding the winding crown and the nicely shaped lugs. The case has a chrome plated bezel and lugs, an alloy centre and a stainless steel case back, a combination often seen in watches from the late 1940s. There is some marking and pitting but not too detrimental at all for a 1940s piece. The lens is in lovely condition. The dial is signed Yeoman, a brand name registered by Adie Brothers of Birmingham in 1929. It is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
