Sold

Item Reference: SA766907

Date of manufacture: 1960

Dimensions

Height = 9 cm (3.5")

Width = 4.3 cm (1.7")

Description

Danish sterling silver pendant with cabochon polished Carnelian on original sterling silver torque. Designed and made silversmith Ib Andersen, who worked for Georg Jensen in the 1950s, before opening his own studio in Frederikssund. This wonderful modernist pendant is 9cm long x 4.3cm at the widest. The inside measurement of the torque is 40cm. Total weight 29.2 g. The pendant can also be worn on a silver chain or silk ribbon.
