Description

1930 Waltham pocket watch, super condition. The watch has a stem-winding movement, grade 620, model 1908, which is working nicely. The beautifully patterned movement is fully signed and the serial number 27,108,401 dates it back to 1930. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and is the Moon model from the Dennison Watch Company, a prolific manufacturer of cases for various watch makers. The Moon model is 10ct gold plated and was originally guaranteed to wear for 20 years. The case is in lovely condition. The watch glass is in good condition. The signed dial is in very nice condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
