Description

A handsome William IV Mahogany Bow Front Chest of Drawers. Two short over three long and graduated drawers. Having delightful bold gadrooned corner columns and matching cup feet. Lovely flame mahogany veneers with a rich colour. It provides ample storage. Condition: This chest at over 150 years old has its life's bumps and bruises but is solid and stable. There is beading loss to parts of the drawers and some veneers chips in places. Historic shrinkage splits to the top and sides which in our opinion adds to its charm! More pictures available if required.
