Description

A lovely small corner cupboard with a shelved interior dating from the late 19th century. It is made of pine with elm backboards and an elm interior. The shelves are beautifully shaped and it has a glazed door with a small brass handle and closing latch. It is in good condition with a nice mellow patina. There are signs of age and use, some small knocks and minor splits but nothing detrimental. There are signs of old woodworm in the backboards which has all been treated as a precaution. It has been cleaned and lightly waxed and is ready for use. The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
