Rene Lalique Tete d'epervier (hawks Head)

Price

Sold**Item Reference: SA770327****Date of manufacture: 1920**

Dimensions

Height = 6 cm (2.4")

Width = 6.5 cm (2.6")

Description

Clear and frosted glass tete d'epervier (hawks head) with a subtle amethyst tint. The condition is very good with no damage or faults. Moulded mark to the back of the head: Lalique France. Marcilhac page ref 499 Model 1139. Introduced in 1928. Note: Rene Lalique mascots with a amethyst tint are hard to find and are desirable to collectors. Having an amethyst tint indicates that it has more than likely been used as a mascot and has been mounted on a car. The clear glass gets irradiated by direct sunlight and over time takes on a amethyst hue.

Internal Ref: 1776
