## Description

1940s Art Deco Quartier wrist watch. The watch has a Swiss ETA hand-winding movement which is working nicely. The watch measures 21mm wide excluding the winding crown and 31mm high excluding the lugs, originally designed as a gent's watch, it would suit a slimmer wrist. The case is plated and there is a little marking but overall the condition is good. The convex lens is in good condition. The signed dial is in good original condition with original hands, a subsidiary seconds dial and an outer minute track. A later leather strap has been fitted. The watch will come in a new presentation box.
