Price

Sold

Item Reference: SA770696

Date of manufacture: 19th Century

Dimensions

Height = 66 cm (26.0")

Width = 57 cm (22.4")

Description

We were excited to find this 19th century Swedish table which has so many appealing features - the prettily shaped top, the pale ash wood that is a perfect contrast to the central star inlay and the elegant vase shaped pedestal terminating with tri form legs. The condition is very good, the table stands well and original wooden tilting mechanism works perfectly. This charming Swedish antique table would be a very distinctive lamp or occasional table. c. 1895 Diameter: 22.5" 57 cm Height: 26" 66 cm

Internal Ref: D703
